

## Common Course Numbering

Washington's community and technical colleges want to make it easier for students to transfer credits among the state's community and technical colleges.

The list below reflects the courses at YVC that have been identified for Common Course Numbering (CCN). Departments may add courses to this list as a result of ongoing assessment of curriculum equivalencies. The list will be updated as courses are added or changed. Common courses are identified by an ampersand (&) following the department abbreviation. Transfer courses that are not identified as common will still transfer under the Direct Transfer Agreement (DTA) as in the past.

Please direct any questions to the Registrar in the Enrollment Services office located in Deccio or call 509.574.4702.

**Asterisk (\*) denotes CCNs added since the last update.**
