Degree Audit is an evaluation tool available online. To run a degree audit, go to the main YVCC homepage at www.YVCC.edu. Click on Online Services on the left hand side of the main screen. This will open up Online Services.

Degree Audit is available under the View My Records/Grades section (as shown at right).

Click Degree Audit to review the general information section before you begin.

Students will need to know their SID and PIN to access their records online.

***

After a student’s information is entered, they will be greeted by the degree audit system page (as shown below).

Select a degree from the drop down list to audit their credits (as shown below).

Students will be able to see what credits apply to their degree by clicking on the Expand All button.

Expand the Course Options listing to view classes within any distribution.

Classes not recognized in the system will be listed at the end. Be sure to review unused credits and send any corrections to the registrar’s office.
