## INTRODUCTION

Yakima Valley College's Annual Security & Fire Report (ASR) is intended, in part, to assure compliance as directed by the United States Department of Education and "Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998" (Clery Act). More importantly, the report provides a resource-rich document that allows all interested parties to easily access and research the college's crime prevention and safety policies, procedures, and guidelines that assure the safest possible college experience at YVC.

YVC posts an electronic version of this [annual security and fire report online](http://www.yvcc.edu/services/crimestats/)<sup>1</sup> on our Campus Security website. [www.yvcc.edu/services/crimestats/](http://www.yvcc.edu/services/crimestats/). Printed copies are available in the Campus Security Department on the Yakima Campus. This report is reviewed annually, and updated statistics are provided prior to October 1 of each year.

The statistics include the occurrence of the following criminal offenses reported to the campus security authorities or to the local law enforcement agencies that occurred on campus, in or on non-campus buildings or property including streets, sidewalks, and parking lots within the campus or immediately adjacent to and accessible from the campus.

## Hierarchy Rule

When examining incidents to determine if they should be included in the Annual Security & Fire Report, a portion of the Clery Act called the Hierarchy Rule comes into effect. Occasionally, a person who is arrested may have committed more than a single offense. The Hierarchy Rule requires in this situation that the college count the offense which is the most serious in nature, and not count the offense of lesser significance. For example, if a person committed a burglary and a murder in the course of a single act then only the murder would be counted. An exception to this rule exists for hate crimes. If a person commits a hate crime, then both crimes are counted.

## Excluded Crimes

In some cases, an incident that is reported as a crime may not be included in the Annual Security & Fire Report. All of the following five standards must be met for an incident to be included in the annual report.

- **Reported to the Proper Authorities** – Incidents must be reported to law enforcement, Campus Security, or a person who, according to the Clery Act, is defined as a Campus Security Authority (CSA). A person designated as a CSA does not mean a person employed by the Campus Security Department. A CSA can be any campus employee who a student reasonably believes that he or she can report a crime to and expect that the matter will be addressed directly by contacting law enforcement and YVC Campus Security for a response.
- **Listed Crimes** – The crime must be one of those listed in the Clery Act as a reportable crime. (See list above)
- **Reportable Area** – The crime must have occurred in one of the reportable areas. Every reportable crime occurring within the boundaries of campus is the reportable area. The two remaining areas are more difficult to define. Perimeter streets are described in the following way: “Sidewalk – Street – Sidewalk.” This means that a reportable crime occurring on the sidewalk on either side of a perimeter street is reportable, as are incidents occurring in the street. But an incident occurring in a building (i.e., a privately owned store) on the distant side of a perimeter street would not be included. Most law enforcement agencies do not distinguish where a crime occurs with this degree of detail. Crimes are usually located by street and house numbers. With regard to non-campus buildings, crimes occurring in those buildings or on the property of that location are reportable. Incidents occurring on the sidewalk or on the streets in front of that building are not Clery Act reportable. *See Appendix: A. Yakima Campus Map and B. Grandview Campus Map*
- **Made in Good Faith** – For an incident to be included there must be a determination that the report is made in good faith. Supporting evidence makes this determination easy, but such evidence is not always available. In such a case, the credibility of the person making the report is considered. When the incident is reported to us through a law enforcement agency, we assume that this determination has already been made.
- **Unfounded** – If law enforcement determines that a particular reported incident could not have occurred or did not occur, i.e., a false report, the crime is not included in the Annual Security & Fire Report. Only law enforcement can rule a case “unfounded.”

## CRIME STATISTICS, REPORTING, AND PREVENTION FAQS

### **Where can I find YVC's crime statistics?**

Crime statistic charts for Yakima and Grandview campuses are created annually for federal reporting purposes and made available to staff, students, and the community on the Campus Security website at [www.yvcc.edu/services/crimestats/](http://www.yvcc.edu/services/crimestats/). Hard copies of this report are maintained in the Campus Security Department on the Yakima Campus and are available upon request. Campus Security can be reached at 509.574.4610.

### **How does YVC gather Clery Act crime statistics?**

The YVC Campus Security Department collects reportable crime statistics as outlined in the 1990 Jeanne Clery Act from a variety of sources on and off campus. Resources used in gathering campus crime, arrest and referral statistics include but are not limited to YVC deans, directors, department heads, advisors to students, student organizations, Student Residence Center administrative staff, athletic coaches, daily crime logs and local law enforcement agencies that collect and maintain data related to our main campuses and YVC satellite locations when required. Consistent with federal law, these statistics may also include crimes that have occurred both on and off campus.

### **How can I report a crime or criminal activity at YVC?**

Crimes in progress should always be reported to 911 for local emergency response. Crimes or suspected criminal activity on the YVC Campus, including those that occur during YVC sanctioned events, should be reported to Campus Security or a YVC campus authority listed below. If you see suspicious activity, car prowls or suspicious persons, contact Campus Security at 509.574.4610. After hours, or in the event of a power outage, Campus Security may be reached via their secondary line at 509.424.0022.

YVC Campus Security Authorities:

- Campus Security
- College Administrators
- Program Directors
- Instructors
- Housing Authorities
- YVC Coaches

### **How can I make an anonymous report at YVC?**

The Campus Safety Department encourages anyone who is a victim or witness to any crime to promptly report the incident as described above. YVC will make every effort to hold these reports in confidence, however there may be situations where the College is legally obligated to disclose the report.

If you are the victim of a crime and do not want to pursue action within the college system or the criminal justice system, you may still want to consider making an anonymous report. Anonymous reports for purposes of inclusion in the annual disclosure of crime statistics can generally be made as described below. Reference [WAC: 132P-33-420 \(3\)](http://app.leg.wa.gov/WAC/default.aspx?cite=132P-33-420)<sup>2</sup>

- The Counseling and Advising Center provides limited confidential counseling services. These services include providing information on how to file an official report for investigation.
- Resources about sexual assault and relationship violence is available from the Counseling and Advising Center and from the Human Resources office.

---

<sup>2</sup> <http://app.leg.wa.gov/WAC/default.aspx?cite=132P-33-420>

- Counseling and Advising Center professionals are not required to report crimes for inclusion in the Annual Security & Fire Report unless there is a threat to the safety of the individual or others. However, YVC encourages the Counseling and Advising Center professionals to inform recipients of their services and how to provide anonymous reports.

### **How does YVC Campus Security follow-up on reported crime on campus?**

When a crime is reported, the responding security officer or campus authority investigates the alleged crime. The investigating officer or campus authority determines if outside law enforcement is required. The campus security & safety supervisor reviews incident reports and disseminates the reports to all administrative authorities affected by the incident. Additional matters that may require follow-up are managed through the campus security & safety supervisor.

Matters requiring an investigation for potential student discipline are handled in a confidential manner in compliance with the Family Education Rights and Privacy Act (FERPA) and Washington Administrative Code 132P-33 and available in YVC's [Code of Conduct](#)<sup>3</sup>. There are circumstances when federal and state requirements do not allow for full confidentiality. Hearings are closed unless the students involved agree to waive this right. The college seeks to provide full confidentiality whenever possible.

#### **Preservation of Evidence (Sexual Assault)**

Preserving evidence of a sex offense is time critical. YVC encourages victims to consider this when determining their method of reporting. Evidence may assist in proving that the alleged criminal offense occurred or may be helpful in obtaining a protection order.

### **How does YVC educate the campus community about crime prevention, safety and security?**

YVC takes a proactive approach to crime on campus by offering information to students and staff through crime awareness and prevention programs, such as Rape Prevention and Personal Protection, offered throughout the year by the Campus Security Department.

Recent incidents of violence on college campuses have compelled many institutions to designate a group of faculty and staff to monitor student behavior and intervene sooner than previously thought necessary. Some behavior is of concern but perhaps does not yet rise to the level of a disciplinary or safety infraction. YVC's designated group to address such concerns is called YVC Cares. YVC faculty and staff can report concerns directly to the YVC Cares team. Students should report concerns to a YVC faculty or staff member. Campus Security also posts and distributes detailed Emergency Procedure Flip Books to inform students and staff about what to do in the event of an emergency. YVC's [Emergency Preparedness Plan](#)<sup>4</sup> is available online.

Campus Security also provides [announcements and security alerts](#)<sup>5</sup>.

Other resources are provided by the Student Life Office including regularly scheduled awareness programs regarding the prevention of crimes and local resources for victim assistance. In addition, the Counseling and Advising Center publishes a [community resources guide](#)<sup>6</sup>. The channels by which the campus community is informed of the Annual Security & Fire Report are detailed below.

**Sexual harassment awareness and prevention programs held in 2021**

Informational Resources

YVC policies regarding sexual harassment and misconduct as well as other behavioral violations are available at: <http://www.yvcc.edu/codeofconduct>. They are also described during quarterly new student orientations, including orientations tailored to the need of College and Career Readiness students.

Athletics: Annual student-athlete orientations are conducted with each team separately at the beginning of each fall quarter. Information about college policies and procedures regarding sexual harassment, misconduct and other behavioral violations of the student-athletic code of conduct and general student code of conduct are discussed.

EVERFI: Free Training

The State Board for Community & Technical Colleges, YVC and most other system colleges contracted with EVERFI for products developed within their sexual harassment awareness and prevention suite.

The learning suite includes awareness and prevention information via an online platform with modules tailored to student and employee audiences. The suite also includes a campus climate survey. Upon the conclusion of New Student Orientation, the college provided free access to the online training, e-mailing the link to all enrolled students who have valid e-mail addresses.

Student Residence Center Orientation

New residents attend a mandatory new resident orientation. The orientation includes a video on the following topics related to sexual harassment:

- Resources and information
- Clery Act
- Annual Security Report
- Crime statistics
- Violence Against Women Act
- Title IX

### **Student Residence Center Policies and Procedures**

During new resident orientations, students are given instructions referenced in the [Student Residence Center Housing Manual \(PDF\)](#)<sup>7</sup> regarding residence hall safety and security procedures. Student residents are instructed on the importance of not sharing keys, locking room doors, and not allowing anyone except guests into the hall.

A detailed list of items and activities that are prohibited at the Student Residence Center can be found in the Student Residence Center Housing Manual. Those items and activities include but are not limited to issues to life safety and security related matters that are available in the student manual.

During new resident orientation, evacuation procedures for campus are referenced and discussed.

### **How does YVC notify the campus community of its Annual Security & Fire Report?**

The existence and location of the YVC Annual Security & Fire Report is communicated to the campus community via all of the following channels: YVC's website (yvcc.edu), YVC's Facebook page, BrightAuthor TV screens throughout campus, the YAK or similar publication from the student government (ASYVC), and the annual presentation at the Board of Trustees.

### **What crime prevention services and programs does YVC offer?**

YVC Campus Security offers a variety of crime prevention services and programs including personal escort to and from classes when requested, active campus patrol, active shooter awareness training, personal crime prevention tips targeted towards observed attractive nuisances or noted vulnerabilities, rape aggression defense courses, and employee crime prevention orientation upon request.

YVC Campus Security works in concert with the college's Criminal Justice Program to provide work-study and co-op educational programs that enhance patrols and security presence on campus.

### **How does YVC provide timely warnings regarding criminal activity?**

In order to keep the campus community informed about safety and security issues, it is YVC's policy to notify the campus community of certain crimes in a timely manner to aid in the prevention of similar crimes.

As YVC authorities receive information regarding crimes or criminal activity, Campus Security investigates the information and confers with other campus authorities, including the public information officer (PIO) who then evaluates the need for emergency notification. Emergency notification methods include but are not limited to the college's website and text/email notification system ([RAVE](#))<sup>8</sup>. Other notifications may also include the college voice alert system that operates through the fire alarm. Warnings/notifications may also be posted on the BrightAuthor TV screens throughout campus. The PIO will assist the security & safety supervisor in distributing timely warnings.

Timely warnings may be issued for other offenses not required by the Jeanne Clery Act if it has been determined the warning will assist in the prevention of similar offenses. Additional information is available in the Campus Security Office and in the [YVC Emergency Preparedness Plan](#)<sup>9</sup>

### **Student Residence Center Policies and Procedures**

During new resident orientations, students are given instructions referenced in the [Student Residence Center Housing Manual \(PDF\)](#)<sup>10</sup> regarding security awareness and crime prevention. Information regarding RAVE is shared with housing students.

## **How does YVC provide security and safety information to the campus community?**

YVC posts Emergency Procedure Flip Books that outline emergency and evacuation procedures and emergency contact information in all classrooms, office spaces, and the Student Residence Center. The campus community produces various publications such as the course catalog, and division newsletters that contain safety and security information. In addition to the alert systems, visual notification monitors are in the Student Residence Center, Security Office and Student Union Building to provide safety and security related updates as needed. Regular safety and security notices are also posted on the [Campus Security website](#)<sup>11</sup>.

## **What are YVC guidelines regarding security and facilities access?**

During normal hours of operation, the college is open to students, employees, visitors, and the community. Please see hours of operation at the [Campus Security](#) website.

After-hours access is arranged by special request through the Facility Operations Department or Campus Security Department.

### **Student Residence Center Policies and Procedures**

The college employs a director of auxiliary services and two live-in program assistants. The program assistants mainly work nights and weekends in the Hopf and Lyon Halls. Student Residence Center staff review residence hall security procedures outlined in the [Student Residence Center Housing Manual \(PDF\)](#)<sup>12</sup> with all students living on campus during orientation.

Generally, the main entrance to the Hopf Hall is secured 24-hours a day through a “fob” access system. The upper floor doors in Lyon Hall are also secured 24-hours a day by a door access system.

(Exceptions to the 24-hour locked schedule include construction and maintenance projects, camps, or various times in the summer.)

Only student residents and appropriate staff are issued keys for room doors, and key fobs (cards) for the residence halls. Generally, the recreation room and office are open during business hours and locked to the public during nights and weekends. Main entrances are under closed caption television surveillance, which are recorded but not monitored. Schedules are subject to change depending on staff schedules, holidays, etc.

Residence hall students are advised to shut and lock their doors and facility entry doors whenever possible to prevent the loss of any valuables.

Campus Security has routine patrols and emphasis patrols, as necessary, and proactively use a two-way radio communication system with staff at the Student Residence Center.

### **How does YVC monitor access to campus facilities?**

YVC is an open campus during posted hours of operation. Outside the posted hours of operation, access to YVC facilities is monitored through an electronic security system and video surveillance cameras. The use of YVC facilities outside of posted hours of operation is scheduled through the YVC facilities use coordinator. YVC security officers maintain a continual patrol and surveillance of campus facilities, parking lots and the campus perimeter 24 hours a day, 7 days a week.

**Who has law enforcement authority on YVC campuses and satellite locations?**

YVC’s Campus Security is responsible for the enforcement of college policy, rules, regulations, including monitoring of college parking and routine patrol of the campus. Campus Security assists local, state and federal law enforcement agencies regarding crimes on campus, or by request from those agencies. This includes tracking, monitoring, and providing crime statistics required by the Jeanne Clery Disclosure Act of 1998, which are made available in the Campus Security Office on the [Yakima Campus Crime statistics](#)<sup>13</sup> web page.

YVC does not currently have an active memo of understanding (MOU) with outside agencies; however, Campus Security does maintain a cooperative relationship with all public safety agencies and may summon local law enforcement agencies for incidents outside their authority. YVC campuses may employ off-duty police officers to support events or operations when deemed appropriate. Sworn police officers from the following law enforcement agencies have arrest powers at their respective locations:

- **Yakima Campus** – Yakima Police Department; Yakima County Sheriff’s Department
- **Grandview Campus** – Grandview Police Department
- **Sunnyside Learning Center** – Sunnyside Police Department
- **Toppenish Learning Center** – Toppenish Police Department
- **Ellensburg Learning Center** – Ellensburg Police Department

**What services are available for victims of a crime on campus?**

The college employs mental health counselors on both the Yakima and Grandview campuses. Personal short-term counseling services are available at no cost. Following an initial visit, the victim may be referred to local hospitals, victim advocate services, and mental health agencies. Information shared in a personal counseling session is confidential.

Student-specific policies, definitions, and procedures are published in the [Washington Administrative Code 132P-33](#)<sup>16</sup>, sections 400 through 540, accessible via a link to Washington State's site by visiting [Students Code of Conduct](#)<sup>17</sup>. Hard copies of the procedures are available in the Dean of Student Services Office, Yakima campus, and the Student Services Office, Grandview campus.

On the same date, correspondence is delivered to the respondent; the complaint is delivered a copy with the respondent's address redacted. This dual notice applies to the breadth of relevant information, including investigatory notices, disciplinary decisions, protective orders and appeal proceedings. If the alleged victim is deceased, the college will attempt to notify next-of-kin in accordance with college procedure.

### **What does YVC do in regards to sexual harassment/assault prevention?**

#### **Primary Prevention and Awareness Programs**

Primary prevention is a program of activities directed at improving general well-being while also involving specific protection for a selected problem.

YVC's Sexual Assault Prevention and Awareness Program ("awareness training") is a formal process for educating employees about domestic violence, dating violence, stalking, and sexual assault prevention. In an effort to educate the campus community about sexual assault (including prevention and awareness of sex offenses, procedures to follow if a sex offense occurs, procedures for on campus disciplinary action, possible sanctions, and distribution), resources and campus-sponsored awareness programs are offered on an ongoing basis throughout the year for incoming students and employees.

#### **Sexual Assault Prevention and Awareness Program**

The college's Sexual Assault Prevention and Awareness Program reinforces the College's commitment to eliminate incidents of sexual assault through a comprehensive practice that centers on awareness and prevention, training and education, victim advocacy, response, reporting, and accountability. This reporting option gives the victim access to medical care, counseling, and victim advocacy, without initiating the investigative process.

### **What are YVC's confidential pathways for crime reporting?**

Matters requiring an investigation for potential student discipline are handled in a confidential manner in compliance with the Family Education Rights and Privacy Act (FERPA) and Washington Administrative Code 132P-33, available in YVC's [Code of Conduct](#)<sup>18</sup>.

College personnel honor requests to keep sexual misconduct complaints confidential to the extent this can be done without unreasonably risking the health, safety and welfare of the complainant or other members of the college community or compromising the college's duty to investigate and process sexual harassment and sexual violence complaints.

To request or schedule a workshop, contact Campus Security at 509.574.4610.

Should an individual experience or witness an event of sexual assault, call 911 for emergent care and or police response and then contact Campus Security at 509.574.4610 or after hours/weekends at 509.424.0022 to make a formal internal report and initiate an investigation if needed. Those involved in a crime scene should take extra caution to preserve physical evidence related to the crime.

### **How does YVC support victims of sexual assault?**

YVC seeks to protect and enhance the safety and welfare of students and staff by providing timely and appropriate notification of the presence or enrollment of a registered sex offender. Campus Security is the designated office to receive official notifications. The dean of student services or designee coordinates the notification process in consultation with the college president.

*See Appendix:* H. 5.07 - Notification of Registered Sex Offenders

## EMERGENCY REPORTING, NOTIFICATION AND PROCEDURES FAQs

### How does YVC define and confirm an emergency requiring notification?

The following definitions of an emergency are provided as guidelines to assist in determining the appropriate response.

**Minor Emergency:** Any incident, potential or actual emergency, which will not seriously affect the overall functional capacity of the college.

**Major Emergency:** Any incident, potential or actual emergency, which effects a large portion of the campus and which will disrupt the overall operations of the college.

**Disaster:** Any event or occurrence, which has taken place and has seriously impaired or halted the operations of the college. In some cases, mass casualties and severe property damage may be sustained. A coordinated effort of all campus-wide resources is required to effectively help with response to this level of emergency. Outside emergency services will be essential, however if the destruction is of a large scale, fire/medical/police services may be delayed or not available. An Emergency Operations Center (EOC) will be activated, and the Incident Command System (ICS) will be used to govern the response.

### How can I report emergencies on or around campus?

**Yakima Campus** emergency incidents that affect personal health or safety on campus, call 911 immediately and then contact Campus Security at 509.574.4610, or after hours/weekends at 509.424.0022, or come to the Campus Security Office located in Campus Operations Complex (029) east of the Student Residence Center.

Emergency incidents, including criminal activity that compromise the safety and security of the campus community identified by students, faculty, staff or visitors should be reported first to 911 and then communicated to Campus Security.

Emergencies that pose an immediate threat to the health or safety of any campus community members or its facilities will be communicated to the affected body of the community by a variety of delivery methods appropriate to the specific threat.

The following methods of communication may be used individually or in concert with others:

- Sirens and Public Address
- RAVE Text/Email Notification System
- YVC Website
- Emergency Phone Trees
- Voice Mail Messaging
- Media Release/Press Conference

**How does YVC test and evaluate emergency response and evacuation process?**

YVC performs annual confidence testing of all fire suppression, alarm devices and systems. In addition, audible enunciators are tested. On the 12<sup>th</sup> day of each academic quarter YVC tests our emergency communication pathways, including emergency text messaging, email alerts and RSS feeds to YVC's webpage and electronic display monitors on campus.

## MISSING PERSONS FAQS

### What is YVC's policy regarding missing persons?

#### Student Residence Center Policies and Procedures

Residence Hall staff advises every student who lives in on-campus student housing, regardless of age, that he or she may register one or more individuals to be a confidential contact strictly for missing persons purposes. The contact person can be anyone and can be updated by the student at any time. Students are given this option even if they have already identified a general emergency contact. A student may identify the same individual for both purposes, but YVC will not assume that a general emergency contact is also the missing person contact. Students are offered this option upon check-in. Information on how to register a contact or contacts can be found by contacting the Student Residence Center.

If a resident of the YVC Student Residence Center appears to be missing for a period of 24 hours or more or Student Residence Center staff is notified that a resident is missing, the following will occur:

- A Student Residence Center staff person will go to the dorm room to see if the resident is in the room. If upon knocking and identifying themselves the staff person does not get a response, they will enter the room for a well-being check.
- The Student Residence Center staff person will call any telephone number(s) the resident has indicated as their personal number.
- The Student Residence Center staff person will interview other residents in the Student Residence Center to ask if they know where the missing resident is.
- If at this time the resident is not accounted for Student Residence Center staff will notify Campus Security.
- Campus Security officers and Student Residence Center staff will determine if they need to notify the Director of Auxiliary Services at this time (in the event the incident occurs after regular Student Residence Center Office hours).
- Campus Security officers and/or the director of auxiliary services will notify counselors and faculty to determine if they know the resident's location.
- If a predetermined contact has been given to the Student Residence Center, that individual will also be contacted at this time.
- Campus Security officers will call civil authorities if needed.
- In the event Campus Security officers or the Director of Auxiliary Services are not available, a Student Residence Center Program Assistant will notify civil authorities if needed to locate the resident and/or report them missing.

Sexual harassment is defined as unwelcome gender-based verbal or physical conduct that is sufficiently severe, persistent or pervasive that it unreasonably interferes with, limits or deprives someone of the ability to participate or benefit from the college's educational program or activities or employment benefits or opportunities. Sexual harassment occurs under any of the following conditions:
  - a. When submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, career advancement, academic standing and/or participation in College authorized activities;
  - b. When submission to or rejection of such conduct by an individual is used as a basis for employment decisions or academic decisions affecting any individual; or

## COMPLAINT PROCEDURE

13. Any student, employee or visitor who believes that he or she has been the subject of discrimination or sexual harassment, should report the incident or incidents to the director of human resource services, the administrator so designated by the college president, hereafter also referred to as the Title IX officer. If the complaint is against that official, the complainant should report the matter to the president's office for referral to an alternate designee. The college encourages the timely reporting of any incident(s) of discrimination or sexual harassment. Any person who believes he or she has been subjected to sexual harassment will be provided a copy of this policy and procedure.
14. All reports of incident(s) will be forwarded to the Title IX officer for coordination and a determination on how to process the complaint.
15. The complainant alleging discrimination or sexual harassment is encouraged to submit a brief written statement of allegations to the Title IX officer. If the complainant does not submit a written statement, the Title IX officer shall prepare a statement of facts which will be provided to the complainant with a request for comment and/or clarification. That statement, along with any subsequent clarifications by the complainant, will be forwarded to the respondent who may choose to submit a written response.
16. Based upon the nature of the complaint, the Title IX officer may attempt to mediate a resolution to the complaint. No mediation may be attempted if the claim includes a physical assault. If the nature of the complaint does not lend itself to mediation, or mediation fails to gain approval of all parties, the Title IX officer shall appoint a designee(s) to investigate the complaint. The Title IX officer shall inform the complainant and respondent(s) of the appointment.
17. The investigator shall conduct a thorough investigation. The investigation shall include, but is not limited to, interviewing the complainant, respondent relevant witness(s); and reviewing relevant documents. The investigation shall be concluded within a reasonable time, normally thirty days, barring exigent circumstances.
18. At the conclusion of the investigation, the investigator shall set forth his or her findings and recommendations in writing. The investigator shall send a copy of the findings and recommendations to the Title IX officer.
19. The Title IX officer shall consider the findings and recommendations of the investigator. The Title IX officer shall determine whether disciplinary action may be appropriate. If the Title IX officer so recommends, he or she will consult with the respondent's appointing authority regarding possible personnel action. These options may include voluntary training/counseling, development of a remediation plan, or formal discipline. The Title IX officer shall advise the complainant and respondent of the college's decision.
20. If the Title IX officer and respondent's appointing authority determine that disciplinary actions should be instituted against an employee, the applicable provisions of employee rights and responsibilities shall be followed. These provisions include but are not limited to, state and federal constitutional and statutory provisions, rules of the Washington office of financial management, collective bargaining agreement(s), and college policies. If the Title IX officer determines that disciplinary action should be

instituted against a student, the applicable provisions of the college student code shall be followed. In cases where the respondent has multiple roles (i.e., is both a student and an employee), action shall be taken with respect to their primary role at the institution.

21. If the Title IX officer determines that disciplinary action is not appropriate and the complainant disagrees, the complainant may appeal, in writing, to the president. A copy of any such appeal will be provided to the opposing party, who will be given an opportunity to respond in writing before the president makes a final determination. Nothing herein shall prevent the president from requesting additional information from any of the parties.

**NOTICE OF PROCEDURE**

The procedures regarding complaints of discrimination shall be published and distributed as determined by the president or president's designee. Any person who believes he or she has been subjected to sexual harassment will be provided a copy of this policy and procedure.

**LIMITS TO AUTHORITY**

Nothing in this procedure shall prevent the College President or designee from taking immediate disciplinary action in accordance with Yakima Valley College policies and procedures; the provisions of applicable collective bargaining agreements; and/or and federal, state, and municipal rules and regulations.

**NON-RETALIATION, INTIMIDATION AND COERCION**

Retaliation by, for or against any participant (complainant, respondent, or witness) is expressly prohibited. Retaliatory action of any kind taken against individuals as a result of seeking redress under the applicable procedures or serving as a witness in a subsequent investigation dealing with harassment/discrimination is prohibited. Any person who thinks he/she has been the victim of retaliation should contact the Title IX Officer / EO / AA Officer immediately.
