There are two buttons on the YVC Home Page that will take you to the student portal? One is under Getting Started and then Paying for College; the other is by clicking Pay for College under Quick Links

Understanding Student Financial Aid Portal Information

Section 1 Start by selecting the specific year. Allow several seconds for the data to load.

Financial Aid Inquiry

- If screen indicates “None” or “Empty”, we do not have a FAFSA or WASFA for you.
- If *Estimated Cost of Attendance* and *Expected Family Contribution* are blank, we do not have a valid FAFSA or WASFA for the year.
- If these fields are populated, your FAFSA or WASFA was received.

Section 2 My Awards/Opportunity Pathways

Opportunity Pathways is the name that our Washington State legislature gave to financial aid awards in the state.

- This section will display the word “empty” or “none” prior to the offer of financial aid to a student.
- Your awards will have a description or name that usually includes the type: grant, work, or loan, the status and term. “Accepted” denotes that the aid is disbursable in the appropriate term.

My Awards/Opportunity Pathways

This section will display your current financial aid awards for the year selected. If the award is set to an estimated status, the award is only an estimate of the funds that you may be eligible to receive. Any awards identified as Work Study cannot be used to pay tuition and fee costs.

All awards are based on the availability of funds and your continued eligibility for financial aid. The initial award assumes you will enroll as a full-time student. Your award(s) will be reduced if you enroll for less than full time each quarter.

Washington Opportunity Pathways is a label applied to all student financial aid programs in Washington (except student loans). It is not a specific financial aid award.

You can follow your loan being processed from request to refund. . . . 

1. *Submit your loan request. Date Received will be entered within 1 day to 1 week in the Information We Need from You section.*
2. *Your full loan amount will appear as an award in 1-3 weeks in the My Awards/Opportunity Pathways section.*
3. *The net disbursement amounts will show under the awards when we request approval from the central processor for your loan.*
4. *Actual disbursement will occur Friday, before the start of the quarter, or up to two weeks after the net disbursement amounts appear as an award unless your loan is subject to 30-day delay or a mid-quarter second disbursement.*

Section 3

Additional Information

The additional information section allows us to communicate special messages to you. This may be a response to a request or an appeal.

For an appeal response, please look for the effective date, and any conditions applied to your situation. By receiving the aid that is offered, you are accepting the conditions in the message.

Additional Information

Additional Information - 1

Your appeal for financial aid reinstatement has been approved. Since you are capable of achieving full compliance with the satisfactory progress requirements within the next quarter, you may receive financial aid for one quarter on Probation. While on Probation, you must successfully pass all the classes you take in the quarter and earn at least a 2.0 GPA for the quarter. At that point, if you are in compliance with all satisfactory progress requirements, you will regain regular satisfactory progress status for the next quarter. If you do not meet the satisfactory progress requirements, you will be subject to financial aid dismissal for at least three quarters before you can be reconsidered for financial aid at YVCC. Please check the financial aid portal for the status of your financial aid award. If you have not yet been awarded financial aid, please expect to see your award there in two to three weeks after completion of your financial aid file.

If your messages become too lengthy, request that the financial aid office block display of notices that are no longer needed.

Section 4

Information We Need From You

- a. **Items.** We may list many items in this section, including documents that we need to complete your file.
- b. The due date simply indicates when we identified the item was needed.
- c. As items are submitted, we will enter the Date Received.

Please allow one day to one week for us to update receipt of a document.

Information We Need From You

Any documents or information that we are missing are listed below without a date in the Received Date column. We need this information before we can determine your eligibility for financial aid. If there is a date in the Received Date column, we have the required document or information for that item. If there is a down arrow next to a document you can click on the arrow to get the form or more information regarding the requirement.

Information Needed - 9

Refunds are the amount of financial aid available after your tuition and other college charges are paid. The first disbursement of a refund each quarter is scheduled for the last business day before the Start of the Quarter.

Other Notices in this section:

a, Refunds.

“Your refund has been calculated” or “Refund Sent to Bank Mobile” means that a refund was processed to be sent to Bank Mobile. Bank Mobile is YVC’s disbursement agent. All financial funds that go directly to students are sent through this company. The actual date you will receive the refund depends on how you set up your account at Bank Mobile. If you see “Your refund was calculated” but the amount is 0.00, no funds were available OR there was an error that needs to be resolved.

d. Financial aid warning, suspension, and dismissal notices are posted and may provide a historical perspective on past progress challenges. The “Due Date” will usually reflect a date after grades are posted at the end quarter the status was earned.

Suspensions and dismissals without a Date Received are current and an appeal is required to be considered for funding.

Probation and Warning apply for one specific quarter only. They may not have a Date Received posted.

*Year/quarter notations may sometimes be observed in the **Additional Info** column of this section. The college offices use codes to designate specific quarters. The current year/quarter notations use a letter followed by a three digit number. The letter A designates the first decade in the millennium (i.e. 2000-2009). The letter B designates the second decade. The first two numerical digits indicate the academic year and the last digit indicates the quarter. Quarter codes are 1 for summer (in enrollment services); 2 for fall; 3 for winter; 4 for spring; and 5 for summer (for financial aid). B893 is Winter 2019, the third quarter in the 2018-19 academic year.*

Section 5

Your Loan History

Taking a loan is a financial obligation. The portal lists your Federal loan totals (cumulative total of loans taken) reported to us by the U.S. Department of Education and the maximum borrowing limits that pertain to you as an undergraduate student. Remember undergraduate loan limits may need to accommodate four or more years of undergraduate study. Students expecting to transfer to a four-year program should limit their borrowing to less than one-half of the aggregate limit while in an Associate’s program. Details on your federal educational loans are available at www.nsls.ed.gov.

Your Loan History

Your Loans		Total Unsub Loans:	
Total Sub Loans:	\$7,000.00	Total Unsub Loans:	\$9,700.00
Total Stafford/Direct Loans:	\$16,700.00	Total Perkins Loans:	\$0.00

Federal regulations set aggregate, or total, loan limits in addition to the annual loan limits for Stafford and Direct Loans. You cannot borrow more than the aggregate loan limit for all subsidized and unsubsidized loans at all schools. For additional details on your loans, go to NSLDS.

Aggregate Loan Limits		
	Base	Combined*
Undergraduate	\$23,000	\$57,500
Graduate	\$65,500	\$138,500
